

6 DIE BANGLE STRETCHER

SKU: 1320

This easy to use bangle stretcher allows you to enlarge with a few pulls of the handle. This tool is effective for non-ferrous and non-precious metals, which uses six-spline dies. The set includes six round dies, providing you with a wide range of sizing options. Each shape is organised in its own tray for easy storage.

PRODUCT DESCRIPTION

This easy to use bangle stretcher allows you to enlarge with a few pulls of the handle. This tool is effective for non-ferrous and non-precious metals, which uses six-spline dies. The set includes six round dies, providing you with a wide range of sizing options. Each shape is organised in its own tray for easy storage.

The bangle stretcher body is made from powder coated cast iron to ensure a long service life. Four countersunk holes have been drilled into the base so that it can be easily mounted to your work surface.
