

ADJUSTABLE ELECTRIC BENCH

SKU: 1912

Our new Adjustable Electric Bench has been created to offer you variable working heights with the simple press of a button. The height can be adjusted to a sitting or standing height for your comfort. It has been made from solid hardwood and is supported by a sturdy leg system. The top of the bench has three raised edges to prevent small pieces from rolling off of the bench, along with a recessed channel for storing small findings. It also features a hard multi-plate for forming or attaching mounting plates.

PRODUCT DESCRIPTION

Our new Adjustable Electric Bench has been created to offer you variable working heights with the simple press of a button. The height can be adjusted to a sitting or standing height for your comfort. It has been made from solid hardwood and is supported by a sturdy leg system. The top of the bench has three raised edges to prevent small pieces from rolling off of the bench, along with a recessed channel for storing small findings. It also features a hard multi-plate for forming or attaching mounting plates.

The recommended maximum height for use while working is 1080mm. The bench can be raised to a maximum height of 1150mm, but this is only recommended for inspection or light delicate work.

Please note: The mounting bracket on this bench requires adaptor and peg to be added separately if required. View Here

Durston Benches Quality

Durston Tools Benches are unrivalled on quality and design and are known worldwide for being the best on the market. Our benches are designed and built to last a lifetime with responsibly sourced materials and are made by highly skilled craftsmen.

Be aware of cheaper alternatives and copies available online that are made with unreliably sourced materials and a lower standard of finish. Buy Once. Buy a Durston.
