

## **B1RL 24K GOLD PLATING SOLUTION 500 ML. EKO-LINE**

**SKU:** 1738

This cyanide-free plating formula produces beautiful results in a much safer and environmentally-friendly formula. Not just safer but a higher quality surface finish. Cyanide-free means higher corrosion resistance over silver or even brass substrates – slower oxidation! Unlimited shelf life! Even after months of use, it produces unchanging colour. This product works cold - perfect for small jobs or repair-work. No waiting for the plating to heat up.
