

B1RL 24K GOLD PLATING SOLUTION 500 ML. EKO-LINE

SKU: 1738

This cyanide-free plating formula produces beautiful results in a much safer and environmentally-friendly formula. Not just safer but a higher quality surface finish. Cyanide-free means higher corrosion resistance over silver or even brass substrates – slower oxidation! Unlimited shelf life! Even after months of use, it produces unchanging colour. This product works cold - perfect for small jobs or repair-work. No waiting for the plating to heat up.

ADDITIONAL INFORMATION

Weight

0.6 kg

Dimensions	8 × 6.5 × 15 cm
Gold Content	0.2g
Anode Required	Stainless Steel (at surface area ratio of 2:1 of anodic surface)
Suitable for	Rack or Barrel plating
Bath Size	500ml – 2 litres
ph	7.5 – 8.5
Plating Temperature	Room Temperature up to 45 degrees C (115 degrees F)
Rectifier Requirement	DC; minimum 10v, minimum 3amps up to 10amps. Low Ripple
Deposition Speed	0.15 micron in 40 seconds
Thickness	up to 0.5 micron
