

B1RL 5N ROSE GOLD PLATING SOLUTION (1 LITRE)

SKU: 1737

Independent lab tests prove that TWL's B1RL 5N has the world's longest lasting Rose finish - a longer resistance to oxidisation than any other rose plating formula. Get beautiful long-lasting results in a much safer and environmentally-friendly formula. Not just safer but a higher quality surface finish. Cyanide-free means higher corrosion resistance over all substrates, especially silver or even brass substrates! Plus, unlimited shelf life! Even after months of use, it produces an unchanging colour. This product works cold-perfect for small jobs or repair-work. No waiting for the plating to heat up.

ADDITIONAL INFORMATION

Weight	1.1 kg
Dimensions	9 × 9 × 22 cm
Gold Content	0.7g
Anode Required	Stainless Steel (at surface area ratio of 2:1 of anodic surface)
Suitable for	Rack or Barrel plating
Bath Size	500ml – 100 litres
ph	7.5 – 8.5
Plating Temperature	Room Temperature up to 45 degrees C (115 degrees F)
Rectifier Requirement	DC; minimum 10v, minimum 3amps up to 50 amos. Low ripple.
Deposition Speed	0.15 micron in 30 seconds
Thickness	up to 1 micron
