Polishing Compound - Dialux Blue from Durston Tools. Dialux Blue Polishing Compound provides a super finishing compound for all metals, especially chrome alloys and non-ferrous metals, such as brass. Dialux Blue delivers a fine polish and is designed to be used on cotton buffs for brightening TPB/STV.

PRODUCT DESCRIPTION

Dialux Blue Polishing Compound provides a super finishing compound for all metals, especially chrome alloys and non-ferrous metals, such as brass. Dialux Blue delivers a fine polish and is designed to be used on cotton buffs for brightening TPB/STV and has a grit of 1. The compound is 80mm long with a diameter of 30mm and weighs 110 grams. Dialux is the world's number one compound brand for jewellery polishing. We provide individually packed Dialux branded boxes, and the compound adheres well to mops and buffs to bring a perfect finish. It provides an excellent price to performance ratio and is our recommended polishing compound to go with Durston's tools and polishing machinery.
