

## PRO DOUBLE POLISHING MACHINE

**SKU:** N/A

The New Durston Polishing Machines have arrived, two years of testing, improvements and changes. Our new Polishing Machines now have variable speed motors, the most powerful extraction available in a machine of this type and the latest filter technology making this machine clean, powerful and efficient.

- Double Sided Polishing Machine.
- Variable Speed Polishing up to 2400 RPM.
- Variable speed as standard - Now adjust the speed to suit your application and materials.
- Powerful Extraction Fans - no other Polishing Machine on the market has such suction, giving maximum and safe dust removal.
- Save on power! Each suction motor has it's own power supply. Only power up the side you need - no wasted power!
- Special filter cartridge easily interchangeable.
- Easily accessible Estop for quick stops.
- Even more Visibility from above with Improved LED Lighting & Clear Top View.
- 1 Filter Cartridge Included, Additional Filters can be purchased separately.

---

## PRODUCT DESCRIPTION

The Double-Sided Polishing Machine from Durston benefits from integrated dust extraction and collection as well as the cool, powerful polishing functionality. Unlike many systems today, our machines are specifically designed to have silent and powerful suction fans that are also vibration free. The fans are enclosed in specially

sealed units for maximum performance. Fluorescent lighting is included on all models.

All models are built from 1.5mm steel sheet instead of 1mm steel to create a more sturdy and robust construction and extend the life of your polisher. Filters can conveniently be removed and changed. The Polishing Machine also benefits from a handy storage tray.

Filter Cartridges Included, replacement filters are available to buy [here](#).

HP rating of the polishing motor: 0.5hp

CFM rating of the extraction motor: 720CFM

Decibel rating at Max speed: Motor almost silent.

60-70db wind/air noise

**Spindle Size:**

Total Length: 155mm

Diameter: 1/2"

Point length: 133mm

Taper length: 65mm
