

DRM ROUND 150RE

SKU: 1045

DRM Rolling Mill - DRM Round 150RE rolling mill from Durston Tools. The DMR Round 150 Rolling Mill creates circular wire forms through 18 rounded formed grooves with a roller length of 150mm. After rolling the rounds there will sometimes be a fin on either side of the wire. This can be avoided or reduced by opening up the rolls slightly and turning the wire 90 degrees each time you make a pass. The mill is constructed from one piece of cast iron for maximum rigidity and strength. The bearings are self-lubricating and maintenance-free and fully support the induction hardened rollers.

PRODUCT DESCRIPTION

Durston is proud to be the only manufacturer of round rolling mills. The DMR R150RE Rolling Mill creates circular wire forms through 18 rounded forming grooves with a roller length of 150mm. After rolling the rounds there will sometimes be a fin on either side of the wire. This can be avoided or reduced by opening up the rolls slightly and turning the wire 90 degrees each time you make a pass. The mill is constructed from one piece of cast iron for maximum rigidity and strength. The bearings are self-lubricating and maintenance-free and fully support the induction hardened rollers. The rolls have eighteen rounds. Groove sizes are from 1mm to 10mm. The rolls themselves have a diameter of 60mm. This mill provides direct drive a gearbox and side extensions.

ADDITIONAL INFORMATION

Weight	46.5 kg
Dimensions	50 × 32 × 46 cm
Product Weight (kg)	47.3KG
Product Length (mm)	430
Product Width (mm)	220
Product Height (mm)	265
Gearbox	5-to-1 gearbox
Number of Grooves	18
Max. Sheet Thickness (mm)	6
Roller Type	Round
Roller diameter (mm)	60
Roller Length (mm)	150
Side Extensions	& 1.5mm, 2, 3, 4
Max. wire capacity (mm)	10mm
