

DURSTON FIRE BRICK ROTARY STAND

SKU: 2077

Elevate your jewellery soldering efficiency and precision with Durston's Fire Brick Rotary Stand, designed for smooth 360-degree rotation and exceptional heat resistance.

- **360-Degree Rotation:** Rotate your fire brick, soldering board, or charcoal effortlessly, ensuring convenient access to all sides of your project.
 - **Heat-Resistant Ball Bearings:** Designed to withstand high temperatures, guaranteeing smooth rotation during heated soldering sessions.
 - **High-Quality Metal Construction:** Crafted for long-lasting durability and stability.
 - **Versatile Utility:** Adapts to your preferred soldering medium, be it fire brick, soldering board, or charcoal.
 - **No Included Medium:** Stand only; no soldering board or brick included, allowing you to use your medium of choice.
 - **Compact Design:** Its small footprint makes it easy to fit into any workspace without sacrificing performance.
-

PRODUCT DESCRIPTION

When soldering intricate pieces, accessibility to all angles of your project can be a game-changer. Durston's Fire Brick Rotary Stand addresses this need with its 360-degree rotating tray, allowing you to focus on your craftsmanship rather than manually repositioning your work.

Built from high-quality metal, the stand is engineered for both sturdiness and high heat resistance, thanks to its specialized ball bearings. The stand is compatible with a wide variety of soldering mediums, offering you the freedom to use your preferred choice. Note that the stand is sold on its own, without any soldering board or brick included.

Internal tray dimensions: 240mm x 113mm x 27mm Appox.
