PRODUCT DESCRIPTION

Durston's Jeweller's LED balanced arm light is a beautifully designed sleek and stylish accompaniment to your work-space. This is a really powerful lamp producing 2200 lumens of light from a high spec 117 SMD Long life LED at just 24 watts. There's a 4-stage dimming function from 100%, 75%, 50% and 25% -- White Daylight 6000K for optimal brightness. Best of all? the light is flicker free with little or no heat emission. The task light is made with ESD technology, which automatically discharges any electrostatic safely and without fuss. The lamp's multi-pivoted design offers excellent, flexible positioning including a 360-degree rotation lamp head. The Jeweller's LED balanced arm Light part of Durston's award-winning range of products, available since 1961.
