PRODUCT DESCRIPTION

The PrecisionFit™ system is used by individual jewellers through to large, multiple chains. The PrecisionFit™ Aluminium Marked Ring Mandrel is lightweight for easy handling and use in busy showrooms, weighing in at just 0.9 pounds (0.4KG). The PrecisionFit™ system ensures your 1-16 ring sizing is right every time - no more cross-referencing with inaccurate ring sizers and mandrels. PrecisionFit™ mandrels and ring gauges are made to International Standard ISO 8653 & crafted from precision-engineered aluminium. Machined, hardened, ground & engraved to a perfect finish at our UK factory, to ensure 100% accuracy. Each mandrel is put through our rigorous PrecisionFit™ Quality Control System to ensure accurate 1-16 sizing. All PrecisionFit™ mandrels are created with ergonomically designed handles to provide a firm and comfortable grip. Manufactured from aluminium with a length of 360mm. Don't settle for less than PrecisionFit™.
