

DURSTON PICKLE POWDER 150G

SKU: 1933

Durston Safe Pickling Powder, 150g
Consists of natural, 100% non toxic ingredients.

PRODUCT DESCRIPTION

The Safe Pickling Powder from Durston is a specially formulated solution for use with the Durston Mini Pickle Tank. This 150g pack of powder is acid-free, making it safe and gentle on your precious metal pieces, yet highly effective in removing fire scale and tarnish.

By using this perfectly formulated powder with the Durston Mini Pickle Tank, you can be sure that your metalwork will come out looking its best after soldering. Simply mix the powder with water to create a pickling solution and immerse your metal pieces in the tank for the recommended time. The solution will leave your metal pieces with a clean and bright finish, ready for further work or for display.

This acid-free pickling powder is an excellent choice for anyone who values the quality and appearance of their metalwork. Whether you're a jewellery maker, metalworker, or just someone who wants to keep their metal pieces looking their best, this powder is an essential part of your cleaning kit.
