

DURSTON RING CUTTER PLIER 170MM

SKU: 1776

These Ring Cutter Pliers are manufactured to remove rings with a small circular saw that also features a protective guard.

To remove the ring, you simply slide the lower jaw between the ring and the finger, and the blade will cut through the ring in seconds. The ergonomic handles provide a comfortable grip, allowing you to work longer and reduce hand fatigue.

Durston Ring Cutter Pliers are created with poly handles for increased comfort.
