

DURSTON ROUND MANDREL FORMING PLIER 170MM

SKU: 1777

These Round Mandrel Forming Pliers are designed to create perfect coils, bends and loops. The jaws are non-tapered and are parallel to create an even curve. They are perfect for wire wrapping and for creating consistent coils. The pliers are designed for use with heavier gauge wire.

The ergonomic handles provide a comfortable grip, allowing you to work longer and reduce hand fatigue. Durston Round Mandrel Forming Pliers are created with poly handles for increased comfort. Jaw size 9mm and 7mm diameter.
