

DURSTON SHEAR 180MM

SKU: 1771

These straight, unsprung bladed shears, have a full length of 180mm. Sufficient for cutting small areas of fine sheet or pieces of solder. Suitable for cutting up to 25 gauge (0.5mm).

- **Micro-serrated Edge:** The micro-serrations along one blade ensure a firm grip on materials for precise, controlled cuts every time.
 - **Precision Cutting:** Perfect for cutting up to 25 gauge (0.5mm), handling fine sheet metal or solder with exceptional accuracy.
 - **Unsprung Blades:** The unsprung blades deliver a direct and controlled cutting action, ensuring precision in every cut.
 - **Ergonomic Design:** Equipped with ergonomic poly handles, these shears offer a comfortable grip for extended use, significantly reducing hand fatigue.
