

THE COMPLETE JUMP RING FORMING SET

SKU: 1309

The Complete Ringer from Durston Tools. The set includes a coil holder which is now part of the main base for the great stability, and a safety coil winder which can be moved and positioned anywhere on your bench. The increased mandrel length up to 120mm long and increased coil holder length both provide greater versatility. The high stem gives more room for your hands and is movable in a complete 360 degree circle. This will suit both the Dremel Fortiflex and Foredom number 30 hand piece. The mandrels provided are from 2.5mm to 12mm in 0.5mm steps.

PRODUCT DESCRIPTION

Durston Tools is proud to manufacture the most popular Ringer in the world that will suit both the Dremel Fortiflex and Foredom number 30 hand piece. The set includes a coil holder which is now part of the main base for the great stability, and a safety coil winder which can be moved and positioned anywhere on your bench. The increased mandrel length up to 120mm long and increased coil holder length both provide greater versatility. The high stem gives more room for your hands and is movable in a complete 360 degree circle. Its compact size of 220mm by 130mm by 180mm provides easy storage, and the total set weighs in at 6kg. Durston Tools' lubricant and one blade are supplied as standard.
