

FLUX SOLDAR LIQUID

SKU: 1712

Flux Solder 1 Ltr from Durston Tools. Flux Solder is designed to make the solder flow more easily by ensuring the joints are kept maintained and cleaned. This fluid acts as a protective mechanism to deflect oxides which may take place. This liquid can be used on various metals such as gold, silver and copper as well as other non-ferrous metals.

PRODUCT DESCRIPTION

Flux Solder is designed to make the solder flow more easily by ensuring the joints are kept maintained and cleaned. This fluid acts as a protective mechanism to deflect oxides which may take place. This liquid can be used on various metals such as gold, silver and copper as well as other non-ferrous metals. One litre of solder flux.
