

RING SHANK BENDER - 11 PIECE

SKU: 1313

Durston's new 11 Piece Ring Shank Bender tool incorporates eleven sets of dies (nine rounds, one square and one rhombus). The dies are made from tool steel and have been hardened and polished and have been precision-made for great performance. Each round die has a radiused edge so to minimise any damage to the material being formed. The unique gearing system gives great reduction making bending effortless.

PRODUCT DESCRIPTION

Durston's new 11 Piece Ring Shank Bender tool incorporates eleven sets of dies (nine rounds: 8, 10, 12, 14, 16, 18, 20, 22 & 24mm, one square and one rhombus). The dies are made from tool steel and have been hardened and polished and have been precision-made for great performance. Each round die has a radiused edge so to minimise any damage to the material being formed. The unique gearing system gives great reduction making bending effortless.

This Ring Bender will bend material up to 2mm thick. Also included in the set are Delrin dies for all 11 pieces. The set is compact with the lower half housing the main body. The main body can be used in the tray holder itself. Just swing the top out the way, or take it out and bolt to a table. Alternatively, screw on the vice locator and hold it in a vice.
