

SPINNING RING FLARER

SKU: 1305

Designed and Manufactured at the request of Andrew Berry, The Durston Spinning Ring Flarer, the perfect tool for flaring bands evenly. This new tool not only saves time but will create a perfectly even concave shape by simply putting the band in the device and tightening to achieve the desired result.

Perfectly equal flared edges for making spinning rings every time with no hammering.

PRODUCT DESCRIPTION

Using the Spinning Ring Maker is easy, secure with a vice, insert the band and tighten until you achieve the desired results.

The Spinning Ring Maker will work on rings with an inside diameter of 13mm - 28mm and as an example, a minimum width of 10mm on a z size ring.

UK size E to Z+6

US size 2 to 16
