PRODUCT DESCRIPTION

Durston Tools' Superior Workbench is made from hardwood and is the ultimate tool for professional use. It offers the same exceptional quality in a package that takes little more than 15 minutes to assemble. The extra thick worktop provides excellent support for your project while high railing around the top edges stops anything from slipping off. A pull out work surface provides even more flexibility and the bench includes six side drawers across two sizes giving valuable storage. A centre drawer at the top is complemented by a large catch tray

halfway down benefiting from a stainless steel metal liner. The unique solder tray means you're ready to start work straight away, while pre-drilled holes for mandrels, a bench peg and useful arm supports and a footrest complete this superbly designed workbench, which carries all the hallmarks of Durston Tools' attention to detail. Rest assured the workbench comes complete with multi-transit packaging giving you complete peace of mind that your order will be delivered in perfect condition direct to your door. The Superior Hardwood Workbench is part of Durston Tools' award-winning range since 1961.

Please note: New design mounting bracket on the Superior Bench, requires adaptor and peg to be added separately if required. [View Here](#)

HEAVY

This product is delivered on a pallet and is heavy. We are only able to deliver this product to the kerbside. Therefore we recommend four people to be available to safely carry the pallet, support in each corner of the pallet.

Hardwood

***Material**

Drawer sides, bottoms and some other non structural parts are made from high density fibre board. this allows for easy sliding of drawers and assembly.
