

JEWELLER'S MAGNIFYING LED TABLE LAMP

SKU: N/A

LED Table Lamp (Dim & Magnifier) from Durston Tools. The Dimmable Magnifier Jeweller's Lamp has the flexibility of two great magnification settings; 3x and 5x for ultra-detailed work. 24 LEDs producing 7 watts of light and there's no heat emission to make your work area uncomfortable. Four levels of dimming provide a 5,000k white light and the light is both shadow and flicker-free, to minimise fatigue and eye strain.

PRODUCT DESCRIPTION

The Dimmable Magnifier Jeweller's Lamp has the flexibility of two great magnification settings; 3x and 5x for ultra-detailed work. 24 LEDs provide seven watts of light, and there's no heat emission to make your work area uncomfortable. Four levels of dimming provide light, 5,000K white light, and the light is both shadow and flicker-free, to minimise fatigue and eye strain. The energy saving design includes an eye care cover for your comfort and a flexible study neck that can twist 360. This is available in black or white for use on either 110 or 240 volts and can be supplied with UK, European or American plugs. Durston Tools' range of jeweller's lamps is the perfect partner for your jewellery projects to provide the stable illumination you need to work effectively with as little eye strain as possible.
