- 60mm thick solid hardwood top
 - Heavy duty construction
 - Designed to take heavy Rolling Mills or other equipment that may need attaching / bolting on
-

PRODUCT DESCRIPTION

The NEW Titan Workbench from Durston Tools, this solid hardwood bench has been designed and built especially for heavy work and is the perfect solution for large Rolling Mills and equipment that needs to be bolted down. The table top is constructed using multi lamination giving formidable strength and durability with heavy duty legs and easy construction.

As with all of Durston's Jewellers Furniture this bench is built to last and give a lifetime of service.

We advise a minimum of two people to assemble and lift this bench.

Dimensions: 124cm Length X 70cm Depth X 80cm Height

Top thickness: 60mm

Durston Benches Quality

Durston Tools Benches are unrivalled on quality and design and are known worldwide for being the best on the market. Our benches are designed and built to last a lifetime with responsibly sourced materials and are made by highly skilled craftsmen.

Be aware of cheaper alternatives and copies available online that are made with unreliably sourced materials and a lower standard of finish. Buy Once. Buy a Durston.
